## SELECTMEN'S REPORT

1975 was another inflation year. This is not news to anyone, nor was it much of a surprise that our tax rate has continued to increase. In addition to increased costs for Town expenses and our regular school expenses, Easton has paid its share of fixed and development costs for the Profile Regional School District.

The tax rate was up from \$1.20 for 1974 to \$1.25 for 1975. The tax rate was broken down as follows:

Schools	\$1.05
County	.20
Town	.00

Since the extra payments for the Profile School were included in last year's tax, we do not anticipate much of an increase in total school expenses for the coming year. If this is the case, then we should be able to hold our taxes for this year very close to last year's tax. We are certainly going to do everything we can toward this end.

We have begun work on a pond behind the Town Hall, which will serve for fire protection, with a dry hydrant that will protect eight homes in the immediate area. In addition, it will provide a ready source of water for fire protection throughout the town, regardless of the weather. We plan to complete the project and have the area landscaped for our Centennial celebration this summer. Besides recreational use in the summer, the pond will be available for skating in the winter and should be an asset to the whole community.

Work has begun on the kitchen project, and even though we were not able to make it a volunteer effort as originally planned, we will be able to complete enough of it to have a workable kitchen in time for the Centennial celebration. Bids have been accepted and approved by Mr. Dean Clark to rewire the kitchen and install a new service box, and also from Mr. Doug Amsbary to install cabinets, counter tops, plumbing, etc.

Upon the resignation of Mr. David Shepard as Chief of Police, Mr. Cooley and Mr. Ford appointed Mr. Glenn Kiedaisch to fill the position. He has installed the two-way radio which was obtained through the Governor's Commission on Crime and Delinquency, and is able to communicate immediately with the Grafton Sheriff's Department dispatcher as well as with local police officers. As a result, he is able to provide faster and more efficient protection and law enforcement for all of us.

There has been little talk recently about I-93 and its impact on Easton. The Planning Board has made our position clear to the State and to VTN, and the final decision rests with the State. The consensus is that some sort of improved highway will be put through Franconia Notch, with some upgrading of the secondary roads which include Routes 112 and 116. It is doubtful that the gloomy predictions for Easton Valley will materialize.

1976 is an historic year for our nation and for Easton. As we celebrate our Centennial, let us thank the Lord for our blessings and strive to emulate those virtues that made this country great - that of cooperation, determination and charity. Here's to another good 100 years for Easton!

Sincerely,

Glenn Kiedaisch  
Dennis Ford  
Durand Cooley

## POLICE REPORT

For the year ending December 31, 1975

### Accidents:

Involving Motor Vehicles, 9 reported and processed by this Department.

### Robberies:

3 reported and investigated

### Speed Warnings:

6 issued

### Dog Complaints:

8 reported and investigated

The Police Department received the 2-way radio through the grant from the Governor's Commission on Crime and Delinquency and had it installed in October, 1975. The radio gives the department communication with Grafton County Sheriff's Department and the New Hampshire State Police (Troop F), as well as all other local towns. The radio will be a big asset to the department in times of emergency.

David Shepard (former Police  
Chief resigned)

Glenn T. Kiedaisch (Police Chief  
appointed)

## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

## EASTON CENTENNIAL REPORT

As the date of the July 24-25, 1976 Centennial Celebration draws closer, committee members are bending their efforts towards a fruition of a proposed and expanding program:

To have: a chicken barbecue; a Sunday family picnic; an old costume march; a puppet show; the N.H. Caravan '76 and the Canterbury Musicians for entertainment; games for children; refreshments served.

Exhibits: Knitted and crocheted articles; old clothing and buttons of the 1880's; rugs braided and crocheted; household items; old newspaper clippings; old photographs; pictures of school houses, mills and the old post office.

All donations for the exhibit will be gratefully received and will be given insurance protection.

Mrs. Helen Young, Treasurer  
Centennial Committee

The following is by Christine Jerome, Co-chairman:

A historical committee has been researching the town's past with a view to publishing Easton's history. Limited time and funds dictate that only an abbreviated version in booklet form will be ready this summer. The booklet will trace our history from the arrival of Nathan Kinsman, 1782 through the acrimonious years from 1840 to 1876, when East Landaff was partitioned from Landaff, to present day.

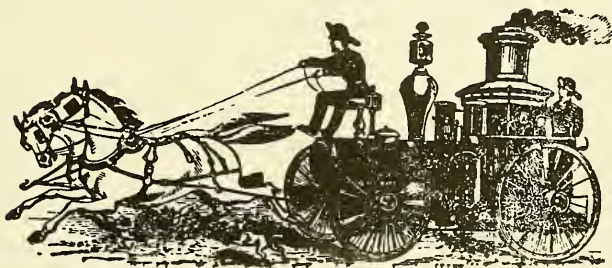

In addition, if funds permit, there will be a souvenir card with old photographs of local historical sites.

CONSERVATION COMMISSION

# TOWN OF EASTON

EASTON, NEW HAMPSHIRE

P. O., FRANCONIA, N. H. 03580

1975

Established by vote of the Town in March, the Conservation Commission consists of Acting Chairman David Osher, Secretary Chris Jerome, Treasurer C. J. Cameron, Karen Gebe, Doug McLane, and Jack Kenney. The Commission was established in part to assist the Planning Board in its efforts to prevent the extension of I-93 through the Easton Valley by working with and monitoring the activities of VTN Consolidated, the State's consulting agency. A major project, which Commission members undertook during the summer, was preparation of bottom-type maps of sections of the Ham Branch and Wild Ammonoosuc Rivers inside the town limits. (An example is hanging on the back wall of the meeting room.) These maps, showing distribution of bedrock, boulders, gravel and sand, were undertaken to determine whether our rivers contain enough gravel to support the spawning needs of the Atlantic salmon, which is slowly being reintroduced to the Connecticut River system. Our point was that this potential use for our rivers could present a serious constraint to Interstate construction in this valley. The maps have been turned over to Peter Spear, Senior Biologist for VTN.

An ongoing project has been the Conservation Commission's effort, in response to queries from townspeople, to determine the potential hazards to humans and animal life, and to our wetlands, of the Public Service Company's power-line spraying. Although the town's power lines are not scheduled for spraying again until several years from now, some limited spraying during the summer aroused concern among individuals who walk and collect berries under power line right-of-ways. While the compound used by Public Service is far better than DDT and earlier herbicides, the Commission is checking with sources in Washington and Ontario as well as with Public Service officials so we can answer your questions when they arise.

During the next year, the Commission hopes to complete a Land Use Inventory for the town, a listing of current land usage to help the Planning Board in its work. This task is part of the Commission's legislative mandate.

Finally, the Conservation Commission is offering red oak trees in the form of seedlings at no charge to townspeople as a Centennial project. These one- to two-foot trees will eventually enhance individual homes and the town as a whole.

For the future, the Commission would like the town's guidance on additional programs, ranging from the designation of scenic roads (protection for landowners and the town of roadsides) to the establishment of a nature walk for townspeople. A questionnaire will be distributed at Town Meeting, and the Commission welcomes visitors at its meetings, once monthly at the homes of Commission members. For date and time, call Chris Jerome at 823-5384.

Sincerely,

Chris Jerome, Secretary

THE REPORT OF THE TOWN OF EASTON  
CEMETERY COMMITTEE

1975

The voters of the Town of Easton appropriated the sum of \$350.00 for the care and maintenance of the Kinsman Cemetery.

This year several graves were filled and reseeded and many of the stones were straightened and brush was cut where necessary.

Flags were placed on fourteen Veterans graves for Memorial Day.

One new trust fund was added, Howard Bonor, making a total of 17 trust funds established for the care of the cemetery lots with John Jerome as Trustee of Trust Funds.

There were two burials this year.

One complaint was received for removing dead plants from a grave.

The sign was broken down either from rot or vandalism and must be painted and a new post erected. This will be done as early as possible in the Spring.
